For as long as we walk this earth, we touch the lives of others. Sometimes we can see the impact of our actions. But often we are unaware of the profound effect we can have on those around us. In 2008, your support of St. Luke’s Foundation touched the lives of many people in our community. It is our privilege now to offer this glimpse of those you touched.

TOUCHING LIVES THROUGH ST. LUKE’S FOUNDATION GRANTS

To have the opportunity to touch the life of another in a positive way is a blessing and a gift. At St. Luke’s Foundation, we are blessed year-round with the privilege to bestow grants that will change and even save lives. Your gifts to the Foundation enable us to award grants that support our mission of advancing patient care, health education and clinical research.

The grants we give are really your grants, because it is your gifts that allow us to touch lives at St. Luke’s and throughout our community. It is your gifts that make it possible for us to support the St. Luke’s Chest Oncology Initiative with the purchase of Endobronchial Ultrasound (EBUS) technology. It is your gifts that are warming the hearts, and everything else, of our very youngest patients – premature babies who now can be treated and monitored in new warming beds in St. Luke’s Birthing Center.

Within this annual report, you will see examples of the grants you have supported. More importantly, you will see proof of their importance through the eyes of the people they’ve touched.
The Fit City Duluth program hopes to change the way people in the community look at physical activity, from a personal to a political level. Dave LaBore, Program Coordinator, Cardiac Rehab at St. Luke’s, and Dr. Mary Boylan were instrumental in getting the project moving.

Wearing the new SaeboFlex therapy glove for people suffering neurological impairments, patient Darren O’Hehir practices rehabilitation exercises with the help of Ann Forrest-Clark, Occupational Therapist.

Bonnie Matuseski, Nurse Anesthetist from St. Luke’s Anesthesia Department and Dr. Donald Leake are grateful for the improved quality of airway management training that the new Glide Scope provides to patients.
Lizette (shown here) and John Lawien generously funded the purchase of a complete infant warming bed for the St. Luke’s Birthing Center’s specialty nursery during the 2008 Circle of Light.

Teresa Delp (left) and Mike Larson are Think First educators, providing important wisdom about preventing and understanding head and spine injuries. As the survivor of a diving accident, Mike, a surgical services systems coordinator, shares first-hand knowledge.

A simple journal can become a treasured keepsake when it records the thoughts and memories of patients and their visitors in Hospice care. Here, Ellen Arnold, patient account specialist, and Chaplain Steve Wlosinski share a blue journal with a family member of a hospice patient.
St. Luke’s Home Care and Hospice Duluth
Supporting the Hospice program $9,500
To ensure Hospice continues to offer services to all those who are in need $50,000
Gas cards for volunteers $1,000

St. Luke’s Inpatient Pediatric Unit
CAS 511 Cardio-Respiratory Monitor $4,000

St. Luke’s Internal Medicine Associates
To fund lab tests, statistical analyses, and brochures regarding Vitamin D deficiencies $9,795

St. Luke’s Marketing
To assist in educating and honoring St. Luke’s First Responders at the annual EMS Recognition Event $1,750

St. Luke’s Nursery
Breast pump and manuals $430

St. Luke’s Orthopedics
Unit Blanket Warmer $5,406

St. Luke’s Outpatient Mental Health Services
Patient educational workbooks for mental health outpatients $5,250

St. Luke’s Pediatric Associates
Educational books and literature for the Reach Out and Read Program $3,500

St. Luke’s Pediatric Department
Pediatric Stethoscope $200

St. Luke’s Respiratory Therapy Department
Supporting the Judith H. Lewis Fund to provide continuing education on the latest respiratory care for therapists $1,300

University of Minnesota Medical School Duluth
Funding a medical scholarship for students at the University of Minnesota Medical School Duluth $7,500

Whiteside Institute for Clinical Research
Advancing clinical research activities with emphasis in the areas of cancer, lung and heart disease $272,831

2008 total grants awarded $677,088

Through the Reach Out and Read Program, children receive a new, age-appropriate book at each well-child visit from birth to age five.

UMD medical student Katelyn Rogers (center), shown with Lillian A. Repesh, Associate Dean of Student Affairs, and Gary L. Davis, Senior Associate Dean, is a recipient of a medical scholarship funded by St. Luke’s Foundation.
Dear Friends,

If ever there was a time of need, an opportunity to reach out and touch the lives of those around us, this is surely it. And if ever there was an example of the strength and commitment of donors like you who support St. Luke’s, 2008 clearly demonstrated your dedication.

Despite the tremendously difficult economic conditions that surround us, you and our other donors made 2008 our best year ever in terms of giving. That is both remarkable and gratifying.

Through your donations, you are telling us that you believe in the important work we do. You believe in the many ways we are touching lives all around us. You want to continue funding grants for groundbreaking equipment like the St. Luke’s Chest Oncology Initiative’s Endobronchial Ultrasound (EBUS), wellness programs like Fit City Duluth and scholarships for future medical professionals.

And that is exactly what we will continue to do. Despite a decrease in the value of our net assets due to market changes, with your unwavering support, we continue to rise to meet the unprecedented demands on our health care system and patient needs that are greater than ever. Your gifts enable us to fund the programs that advance patient care, health education and clinical research.

Thank you for your continued and strengthened support of St. Luke’s Foundation during these challenging times. Because of you, we extended our reach even further in 2008, touching, healing and improving lives across our region.

The grateful handshake of an elderly man able to return home sooner following surgery using new, less-invasive equipment. The happy laugh of a preschooler reading a new book presented to him by his pediatrician. The satisfied smile of a woman who feels better after beginning treatment for Vitamin D deficiency, having been diagnosed as part of a study funded by a grant from St. Luke’s Foundation.

As rewarding as it is to see the good that comes from the grants you enable us to give, it is equally rewarding to see the many people who come together from throughout our community and region to volunteer and raise the money needed to fund those grants.

For instance, at our annual Circle of Light fundraiser, many of our friends joined together to touch the very newest of lives, helping fund the grant we presented to St. Luke’s Birthing Center for the purchase of new specialty infant warming beds. This was in addition to the funds raised to support the St. Luke’s Chest Oncology Initiative. Proceeds from the evening helped purchase new Endobronchial Ultrasound (EBUS) technology.

Organizers of the Sand Lake Shuffle continue raising money at a pretty good pace. The fundraising walk is held each year in Britt, MN, at Voyager’s Sand Lake Resort. In 2008, its 17th year, the walk raised $6,000, which was donated for cancer research and assistance at St. Luke’s.

The Cancer Shoot-Out continues to score large community involvement for the one-day hockey tournament. The 2008 event raised $19,000.

The 4th annual Women Rock event is a rocking’ good time each fall, cleverly coinciding with the opening of deer hunting. Women in a range of rocking chairs enjoy pampering and fun, with money raised touching the lives of women who have breast cancer.

Others chose to touch lives using rocks and brushes. The 2008 House of Hearts Celebrity Bonspiel raised more than $40,000 for the Foundation. This fun-filled and highly competitive tournament supports the Infusion Therapy Clinic Pharmacy and a Cardiac Telemetry System at St. Luke’s.

As you can see, we are surrounded by a community of support, which makes it all the more exciting for us to give that support right back, advancing patient care, health education and research at St. Luke’s and throughout the region.

As rewarding as it is to see the good that comes from the grants you enable us to give, it is equally rewarding to see the many people who come together from throughout our community and region to volunteer and raise the money needed to fund those grants.

For instance, at our annual Circle of Light fundraiser, many of our friends joined together to touch the very newest of lives, helping fund the grant we presented to St. Luke’s Birthing Center for the purchase of new specialty infant warming beds. This was in addition to the funds raised to support the St. Luke’s Chest Oncology Initiative. Proceeds from the evening helped purchase new Endobronchial Ultrasound (EBUS) technology.

It was at the Circle of Light celebration that we were privileged to honor a few key people who have shown significant support for St. Luke’s Foundation. Each year we recognize supporters in three categories: physician, employee and friend, and in 2008 we honored David Avrild, MD, St. Luke’s Internal Medicine Associates; Mary Beth Mitchell, St. Luke’s Purchasing; and friends Verna and Arend Sandbulte.

The Cancer Shoot-Out continues to score large community involvement for the one-day hockey tournament. The 2008 event raised $19,000.

Duffer McDivot and friends took to the greens once again, golfing and raising funds in our annual Benefit Tournament. The 2008 tournament raised $50,000. The golf, tennis, bridge, canasta and croquet event is our oldest fundraising effort.

As you can see, we are surrounded by a community of support, which makes it all the more exciting for us to give that support right back, advancing patient care, health education and research at St. Luke’s and throughout the region.

1881 remains a notable year in St. Luke’s history. It’s the year St. Luke’s first opened its doors above a blacksmith’s shop. Today, annual donors of $1,881 or more become members of St. Luke’s Foundation’s 1881 Society.

2008 Donors

All donors who gave to St. Luke’s Foundation between January 1, 2008, and December 31, 2008, are recognized in this report. Every effort was made to include all donor names from this time period. If your name is omitted, misspelled, or listed incorrectly, please accept our sincere apologies, and contact the Foundation office at 218-249-5673. We appreciate your generous support.

St. Luke’s Foundation is proud to present the following individuals, families and businesses and thank them for their continued contributions, touching our community for more than ten years.
In Memory of continued...

In the Community, the quality of care given to St. Luke's positively impact the quality of life for all patients.

Thank you for supporting St. Luke’s Foundation.
**Outright Gifts**
Often the easiest to arrange, many donors support us through gifts of cash, checks, credit cards (VISA / MasterCard), securities or stocks, real estate and in-kind gifts.

**Life-Income Gifts**
One of the following trust options may be the best fit for you:
- Charitable Remainder Annuity Trust: A trust that pays you a set income annually.
- Charitable Remainder Unitrust: A trust that pays a fixed percentage of the trust’s assets.
- Charitable Lead Trust: A trust that pays a fixed or variable income to St. Luke’s Foundation for a set term, and then passes to heirs.

**Life Insurance**
Name St. Luke’s Foundation as the beneficiary for income tax deductions.

**Retirement Plan**
- Name St. Luke’s as the beneficiary of the remainder of the assets after your lifetime.

**Retained Life Estate**
Designate the ownership of your home to St. Luke’s while you retain occupancy. We would love the opportunity to share our appreciation.

**Bequests in Wills**
Please tell us if you have named St. Luke’s Foundation in your will. We would love the opportunity to share our appreciation.

Sample bequest language for St. Luke’s Foundation:
“I, (name) give, devise and bequeath to St. Luke’s Foundation (written amount or percentage of the estate or description of property) for its unrestricted (without conditions attached) use and purpose."

If you want to restrict your bequest, please consult with St. Luke’s Foundation when you make your will to be certain your intent can be accomplished.

**GiftCalcs Planner**
Giving on-line is easy.
Visit www.slhduluth.com and click on the Foundation link. In addition to our online giving form, you’ll find our GiftCalcs Planner – an interactive tool that lets you run sample gift calculations and their financial benefits to you.

For more information on how you can support the mission of St. Luke’s Foundation, please contact Catherine Carter Huber at: 218-249-2420 or ccarterhuber@slhduluth.com. We would be honored to work with you to ensure your wishes are carried out in the manner that best meets your needs.

This information is not intended as legal, tax or investment advice. For such counsel, please contact an attorney or tax or investment professional.

**Verna and Arend Sandbulte have shown tremendous support for St. Luke’s and the Foundation over the years. Arend was a board member at St. Luke’s for 11 years. The couple marked their 20th year of giving to the Foundation in 2008, and will continue their support of the Foundation and St. Luke’s long into the future, through their estate.**

They have a particular interest in supporting medical education, and see their gift to the Foundation as a way to leave a legacy that endures.

“It’s important for a lot of people to think through their estate plans. What do they really want to do with their money after they’re gone to extend the meaning of their lives.”
