

Peripheral Smears to Pathology and Bone Marrows Reporting Modification

Effective February 27, 2018 St. Luke's Hospital and Clinic Laboratories will have revised reporting for Peripheral Smear to Pathology and Bone Marrows.

- Results of the CBC will no longer be charted in the Laboratory EMR. This information will be provided in the Pathology report.

If you have questions, please contact Steven Eastep, M.D. (218)249-3092, Laboratory Medical Director or Terry Olsen, MT (ASCP) (218) 249-5023, Hematology Technical Specialist.
